We are excited to announce the launch of our new Link Developer Portal on April 1, 2020.

What is changing?

The new Link Developer Portal (https://developer.linkhealth.com) has a refreshed look and updated content for all Link solutions.
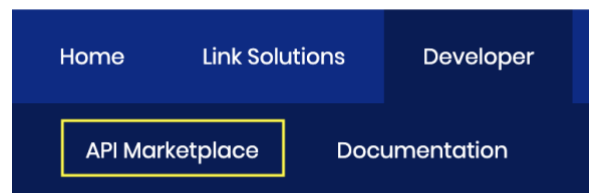

Our new Portal will be the single-entry point to all Link's self-service tools.

Why am I getting this update?

The updated Link Developer Portal changes where you access the Link API Marketplace and the Link API Gateway self-service UI.
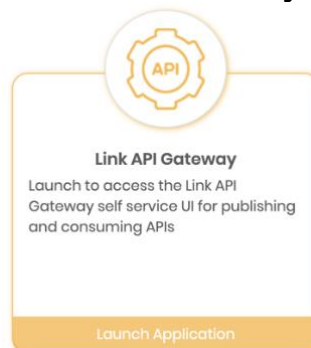

To get to Link API Marketplace:
1. Go to https://developer.linkhealth.com.
2. Select **Developer** from the top navigation bar and then select **API Marketplace**.

To get to Link API Gateway self-service UI:
1. Go to https://developer.linkhealth.com.
2. Select **Sign In** from the top right corner.
3. Once authenticated, select the **Link API Gateway** app card.

> **Note:** If you have permission to manage users or share API ownership, you will also see the **Link Security** app card.

Can I unsubscribe to these updates?

Our goal is to deliver important updates about the Link Platform. We plan to add a feature to manage and control your communication preferences.

Visit us anytime at [Link News and Releases](#) for the most up-to-date information about Link.

Thanks,
Link Administrator
